DOCUMENT No. 6.

---

BOARD OF ALDERMEN,

MAY 28, 1874.

---

The following resolution was adopted :

*Resolved*, That five hundred copies of each of the communications from the Comptroller, containing a list of contracts entered into with the Corporation of the City of New York, during the years 1871 and 1872, and now on file in the office of the Clerk of the Common Council, be printed in document form, under the direction of the Clerk, in order to complete a series of similar documents of former and succeeding years, of which the above communications alone have not been so printed.

JOSEPH C. PINCKNEY,  
*Clerk.*

---

DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE, }  
NEW YORK, March 25, 1872. }

*To the Honorable the Common Council :*

GENTLEMEN—I have the honor to transmit herewith a list of instruments, purporting to be contracts deposited and registered in the Comptroller's office during the year 1871.

Statements are also given showing the amount of payments made upon each contract, and the condition of the respective works at the end of the year.

Very respectfully,

AND. H. GREEN,  
*Comptroller.*

Extracts from the Amended Charter relating to Contracts made by the Corporation of the City of New York.

---

*The Act (Chap. 137) entitled "An Act to Reorganize the Local Government of the City of New York," passed April 5, 1870, provides as follows:*

"SECTION 18.—Any ordinance or resolution may originate in either board, and when it shall have passed one board, may be rejected or amended in the other; but no ordinance or resolution shall be passed except by a vote of the majority of all the members elected to each board; but in case any ordinance or resolution involves the expenditure of money, the votes of three-fourths of all the members elected to each board shall become necessary to its passage. \* \*

\* \* \* \* No additional allowance beyond the legal claim which exists under any contract with the corporation, or for any services on its account, or in its employment, shall ever be passed by the common council, except by the unanimous vote thereof.

"SEC. 104.—All contracts to be made or let by authority of the common council, for work to be done or supplies to be furnished, except printing and advertising, and all sales of personal property in the custody of the several departments or bureaus, shall be made by the appropriate heads of departments, under such regulations as shall be established by ordinances of the common council. Whenever any work is necessary to be done to complete or perfect a particular job, or any supply is needful for any particular purpose, which work and job is to be undertaken or supply furnished for the corporation, and the several parts of the said work or supply shall together involve the expenditure of more than one thousand dollars, the same shall be by contract, under such regulations concerning it as shall be established by ordinance of the common council, unless, by a vote of three-fourths of the members elected to each board, it shall be otherwise ordered, and all contracts shall be entered into by the appropriate heads of departments, and shall be founded on sealed bids or proposals made in compliance with public notice, duly advertised in newspapers of the city, said notice to be published at least ten days; and all such contracts when given shall be given to the lowest bidder, the terms of whose contract shall be settled by the counsel to the corporation, as an act of preliminary specification to the bid or proposal, and who shall give security for the faithful performance of his contract in the manner prescribed and required by ordinance, and the adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the comptroller. All bids or proposals shall be publicly opened by the officers advertising for the same, and in the presence of the comptroller. If the lowest bidder shall neglect or refuse to accept the contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, it shall be readvertised and relet as above provided.

"SEC. 113.—No bid shall be accepted from, or contract awarded to, any person who is in arrears to the corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the corporation."

**BOARD OF ALDERMEN,**

MAY 28, 1874.

---

**DOCUMENT No. 7.**

---

NEW YORK:

F. B. FISHER, PRINTER AND STATIONER,

Nos. 17 & 19 ROSE STREET.

1874.

DOCUMENT No. 7.

BOARD OF ALDERMEN,

MAY 28, 1874.

The following resolution was adopted :

*Resolved*, That five hundred copies of each of the communications from the Comptroller, containing a list of contracts entered into with the Corporation of the City of New York, during the years 1871 and 1872, and now on file in the office of the Clerk of the Common Council, be printed in document form, under the direction of the Clerk, in order to complete a series of similar documents of former and succeeding years, of which the above communications alone have not been so printed..

JOSEPH C. PINCKNEY,  
*Clerk.*

DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE, }  
NEW YORK, April 14, 1873. }

*To the Common Council :*

I have the honor to transmit herewith a list of instruments purporting to be contracts deposited and registered in the Comptroller's office during the year 1872.

Statements are also given showing the amount of payments made upon each contract and the condition of the respective works at the end of the year.

The payments during 1872, as appear by such statement, are as follows :

1. On works payable in whole or in part from assessments, the means being derived from issue of assessment bonds..... \$1,947,765 51
2. On works, the cost of which is payable from taxation, 1,188,732 30

3. On works, the means for which are derived from issue of city stock or bonds on account of perma- nent debt.....	\$114,226 15
Total.....	<u>\$3,250,723 96</u>

The attention of the Common Council is particularly called to the great number of contracts for regulating, grading, sewerage, and otherwise improving the streets now in progress, for the payment of which it will be requisite to provide a large amount of money by the issue of Bonds, in anticipation of the collection of assessments upon such works.

The amount of bonds outstanding on the 31st of December, 1872, represents the advances to contractors and others, and may be classed as follows:

1. Amount in advance to contractors and others on works now in progress, and for which assess- ments are not yet confirmed.....	\$5,287,676 55
2. Amount in advance to contractors and others on works for which assessments have been confirmed,	<u>4,146,423 45</u>
Total.....	<u>\$9,434,100 00</u>

Taking into consideration this large debt, incurred for the benefit of property-owners, a portion of the amount as above shown, being represented by assessments levied and in process of collection, and in many cases due for a long time, it is respectfully suggested that new works of this kind hereafter undertaken should be such as are necessary and called for by owners of property having to pay for them.

If the property-owners respond promptly to the requirements of the city and discharge their assessments, the tax-payers at large will be relieved from the burden of providing a large amount annually for interest accruing upon bonds, and for still larger sums for vacated assessments.

Respectfully,

AND. H. GREEN,

*Comptroller.*

Extracts from the Amended Charter relating to Contracts made by the Corporation of the City of New York.

---

*The Act (Chap. 137) entitled an Act to Reorganize the Local Government of the City of New York, passed April 5, 1870, provides as follows:*

"SECTION 18.—Any ordinance or resolution may originate in either board, and when it shall have passed one board, may be rejected or amended in the other; but no ordinance or resolution shall be passed except by a vote of the majority of all the members elected to each board; but in case any ordinance or resolution involves the expenditure of money, the votes of three-fourths of all the members elected to each board shall become necessary to its passage. \* \*

\* \* \* \* No additional allowance beyond the legal claim which exists under any contract with the corporation, or for any services on its account, or in its employment, shall ever be passed by the common council, except by the unanimous vote thereof."

"SEC. 104.—All contracts to be made or let by authority of the common council, for work to be done or supplies to be furnished, except printing and advertising, and all sales of personal property in the custody of the several departments or bureaus, shall be made by the appropriate heads of departments, under such regulations as shall be established by ordinances of the common council. Whenever any work is necessary to be done to complete or perfect a particular job, or any supply is needful for any particular purpose, which work and job is to be undertaken or supply furnished for the corporation, and the several parts of the said work or supply shall together involve the expenditure of more than one thousand dollars, the same shall be by contract, under such regulations concerning it as shall be established by ordinance of the common council, unless, by a vote of three-fourths of the members elected to each board, it shall be otherwise ordered, and all contracts shall be entered into by the appropriate heads of departments, and shall be founded on sealed bids or proposals made in compliance with public notice, duly advertised in newspapers of the city, said notice to be published at least ten days; and all such contracts when given shall be given to the lowest bidder, the terms of whose contract shall be settled by the counsel to the corporation, as an act of preliminary specification to the bid or proposal, and who shall give security for the faithful performance of his contract in the manner prescribed and required by ordinance, and the adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the comptroller. All bids or proposals shall be publicly opened by the officers advertising for the same, and in the presence of the comptroller. If the lowest bidder shall neglect or refuse to accept the contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, it shall be readvertised and relet as above provided."

"SEC. 113.—No bid shall be accepted from, or contract awarded to, any person who is in arrears to the corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the corporation."

COMMUNICATION

FROM

THE COMPTROLLER,

TRANSMITTING A

Statement of Claims Audited and Allowed

ON ACCOUNT OF THE

BOARD OF SUPERVISORS OF THE COUNTY OF NEW YORK,

FOR AND DURING THE MONTH OF APRIL, 1874.

---

Board of Aldermen,

MAY 28, 1874.

---

DOCUMENT No. 8.

---

NEW YORK:

F. B. FISHER, PRINTER AND STATIONER,

Nos. 17 AND 19 ROSE STREET.

---

1874.

DOCUMENT No. 8.

---

BOARD OF ALDERMEN,

MAY 28, 1874.

---

The following message from the Mayor, transmitting a communication from the Comptroller, being a detailed statement of all claims audited and allowed on account of the County of New York, for the month of April, 1874, was received and five hundred copies ordered printed in document form.

JOSEPH C. PINCKNEY,  
*Clerk.*

---

EXECUTIVE DEPARTMENT, CITY HALL, }  
NEW YORK, May 28, 1874. }

*To the Honorable the Common Council :*

GENTLEMEN—I transmit herewith a statement in detail of all claims audited and allowed by the Department of Finance, on account of the County of New York, for the month of April, 1874.

Very respectfully,

W. F. HAVEMEYER,  
*Mayor.*

CITY OF NEW YORK—DEPARTMENT OF FINANCE, }  
 COMPTROLLER'S OFFICE, }  
 May 22, 1874. }

Hon. WM. F. HAVEMEYER,  
*Mayor :*

SIR—I herewith transmit a statement in detail of all claims audited and allowed by this Department on account of the County of New York for the month of April, 1874. Hereafter reports will not be made distinctively of County claims audited, but will be made to comprehend all claims audited on account of the expenditures for the government.

Very respectfully,

AND. H. GREEN,  
*Comptroller.*

CITY OF NEW YORK—DEPARTMENT OF FINANCE, }  
 COMPTROLLER'S OFFICE, }  
 May 9, 1874. }

Hon ANDREW H. GREEN,  
*Comptroller :*

SIR—I have the honor to transmit herewith the report of claims audited and allowed on County and Special accounts for the month of April 1874, amounting to \$1,020,176.16, for which warrants have been drawn upon the County Treasurer. This is the last report of County expenditures which will be made; the Legislature having incorporated this class of claims with those made on account of the Mayor, Aldermen and Commonalty, there will hereafter be but one quarterly report.

Very respectfully,

ABM. L. EARLE,  
*Auditor of Accounts.*

The following communication was received from the Commissioners of Accounts, transmitting a report of investigation into the books, accounts, and transactions of the Board of Charities and Correction; and 500 copies ordered to be printed in document form.

JOSEPH C. PINCKNEY,  
*Clerk.*

---

OFFICE OF THE COMMISSIONERS OF ACCOUNTS, }  
No. 32 Chambers street, }  
NEW YORK, August 27, 1874. }

*To the Commissioners of Accounts :*

GENTLEMEN—Upon the 4th day of June last the following resolution was unanimously adopted by the Board of Aldermen :

*“ Resolved, That the Commissioners of Accounts be*

and they are hereby directed to make a full and thorough investigation into the books, accounts, and transactions of the Commissioners of Charities and Correction, and to report thereon to this Board at as early a date as they possibly can."

Prior to the adoption of this resolution the undersigned was instructed by the Commissioners of Accounts to examine the books and transactions of the Department of Charities and Correction, and in pursuance of the instructions so given the prescribed examination was commenced upon the 24th of January, 1874.

At the head of this Department is a Board of three Commissioners. The present Commissioners, Messrs. Laimbeer, Bowen, and Stern, entered into office and organized as a Board on the 19th day of May, 1873.

The central office of the Department is situated on the corner of Eleventh street and Third avenue. Under the charge of the Department are the following institutions:

City Prison.....	New York City.
Second District Prison.....	do

When, on the 24th of January last, I commenced the examination of the Department, I found that, at the central office, the books were not in a condition in which any examination of them could be made. None of the books were written up to January 1, 1874, and the cash-book had not been written up since May 31, 1873. None of

the Commissioners were apparently aware of the condition of their books, and could afford no information as to the accounts of the Department. The only explanation given for the neglect, in not keeping the books written up, was the statement of the book-keeper, who, at the time, received a salary of \$3,000, that he could not make a balance which would agree with the books of the Finance Department.

A partial investigation which I then made into the affairs of the Department led to a discovery by me that there was a cash balance in the Third National Bank of this city, to the credit of the Department, of \$8,869.67. Although this balance had been in bank since the month of May, 1873, I found that the Commissioners were not aware of its existence. As this money could not be drawn upon by the Department, the Charter requiring that the finances should be managed through the Department of Finance, I requested that the balance in bank should at once be handed over to the City Chamberlain, and this was accordingly done.

Before the investigation was little more than entered upon by me, I was requested by Messrs. Laimbeer and Stern, Commissioners, to adjourn the same for one week, by the end of which time they stated that the book-keeper promised to have his book written up, and then the affairs of the Department could be readily inquired into. The delay asked for this purpose was accordingly granted by me, and at the end of the week allowed I again called at

the central office of the Department to proceed with the investigation, when I found that no progress whatever had been made in writing up the books. Still further time was allowed for this purpose, the Commissioners undertaking to communicate with me whenever they had got entered the transactions of the Department in their books. No further information was received from the Commissioners on the subject until receipt of a resolution adopted by the Board of Charities and Correction on April 25, 1874. This resolution, a copy of which was forwarded to and received by the Commissioners of Accounts, is in the following terms :

“ *Resolved*, That the Commissioners of Accounts are hereby respectfully requested to commence, on or about the first day of May next, a thorough examination of all accounts of this Department, and especially ascertain the correctness, or otherwise of the balance-sheet that will be submitted to them by the cashier of this office on the part of this Board.”

As requested by this resolution, and as further instructed and directed by the resolution of the Board of Aldermen above set forth, I have made an examination into the books and accounts of the Department of Charities and Correction, and of the transactions of the Department, so far as these can be traced through the books and accounts examined. The books, such as are kept at the central office, I found written up, but not balanced. As the

result of this examination and investigation I have to report:

*First*—That although the present Commissioners entered upon their duties, as explained, on the 19th day of May, 1873, no inventory was then made of the stock or property on hand belonging to the Department, and received over by the present from the old Commissioners. No evidence exists as to what quantities or of what value the dry goods or supplies were, in the store or on hand, on the 19th day of May, 1873, and it is impossible, therefore, to make any just or fair comparison between the material or supplies used by the present Board of Commissioners for the year they have held office with that of their predecessors for the year preceding.

*Second*—That at the central office nor in any other office, of the Department, are accounts kept with the various parties from whom purchases are made for the use of the Department.

*Third*—That the balance-sheets referred to in the resolution of the Board of April 25, 1874, were not correct. They were not made from any books kept in the office of the Commissioners, but chiefly from figures supplied by the Store-keeper on Blackwell's Island, and from an examination made of the books on Blackwell's Island, I found that, with the exception of the salary account and a few minor items, the only books at the central office were duplicates of those of the Store-keeper on Blackwell's

Island; that they were in fact mere copies entered in books of returns made by the Store-keeper.

*Fourth*—The storehouse of the Department is situated on Blackwell's Island. The theory of the Department is, that purchases (except drugs and supplies for out-door poor) made for the Department are delivered to and received by the Store-keeper in charge of the store, and that the same are examined and receipted for by him, and thereupon entered into his books. In reality only a portion of the supplies of the Department ever pass through the hands of the Store-keeper, and although entered by him upon his books, are never examined or seen by him at all. For instance: All the flour ordered for the Department was delivered direct at the bakery (with the exception of 1,200 barrels hereafter referred to), which is situated on the opposite side of the island from where the store is, and is receipted for by the baker. No books prior to January 1, 1874, were kept at the bakery, containing a record of the goods received there. The bills for the flour delivered are received by the Baker, and transmitted by him to the Store-keeper, who thereupon enters the same upon the books kept at the store, and at the same time an entry is made in these books, charging the bakery with the goods specified in the bills. These goods are never seen or handled by the Store-keeper. Other goods ordered in specific quantities are, in the same way as the flour, sent to other institutions where they are received and receipted for by the officers in charge, and the bills for which, as in

the case of the flour, are transmitted to the Store-keeper, who enters the same on his books, and charges the goods to the institutions from which he received the bills.

*Fifth*—The goods received by the Store-keeper are distributed by him upon his own responsibility. The Wardens or officers in charge of the several institutions make out semi-monthly requisitions upon the Store-keeper for the estimated quantities of supplies for the coming two weeks. These requisitions are transmitted direct to the Store-keeper, who, upon the requisition so made, furnishes from his stock what goods he has on hand in store, and embraces, in a general requisition upon the Commissioners, the supplies he requires to make up the deficiency, with such additions as he thinks proper to add for the general stock of the store.

*Sixth*—Upon the requisitions made by the Store-keeper, the Commissioners, in their discretion, order the supplies therein specified to be purchased. In making these purchases it appears no regard is paid by the Commissioners to the provision of the 91st section of chapter 335, Laws of 1873, which declares that “whenever any work is necessary to be done to complete or perfect a particular job, or any supply is needed for any particular purpose, which work or job is to be undertaken, or supply furnished for the Corporation, and the several parts of the said work or supply shall together involve the expenditure of more than one thousand dollars, the same shall be done by

contract \* \* \* \* founded on sealed bids or  
 proposals \* \* \* \* and given to the lowest bidder.”

This provision of the law, designed to secure economy in the purchases of supplies for the city, has been continuously evaded by the Commissioners of the Department of Charities and Correction in the supplies purchased by them. Instead of advertising for proposals for the supplies required, the Commissioners either purchased the same personally themselves or through purchasing clerks. The supplies so purchased, or the invoices or bills for the same, endorsed by the officials who receive the goods, are delivered to the Store-keeper. The goods received by the Store-keeper are placed by him in stock, and when delivered on the requisitions received by him from the officers of the respective institutions, are charged against such institutions by the Store-keeper in his books. All the invoices received by the Store-keeper—those for the goods delivered direct to the store, as well as those delivered at the different institutions and bakery, are certified to by the Store-keeper and returned by him to the central office. The invoices so transmitted to the central office are in duplicate; one duplicate is retained at the central office, and the other is supposed to be transmitted to the Department of Finance.

*Seventh*—In a number of instances the books kept by the Storekeeper, in which the goods either received or specified in the invoices transmitted from other institutions are entered, have been altered with the evident in-

tent of evading the provisions of the 91st section of the Charter. This has been done where invoices of goods received by the Store-keeper are entered in the Store-keeper's books as received, and exceeded in value one thousand dollars. The original entries, showing the correct nature of the transaction, the date upon which the goods were received, the quantity received and the value thereof have been erased, and substituted entries made of different quantities of goods as received upon different dates. So numerous have these erasures been, that from the Store-keeper's books, which are the only record in the Department of the supplies furnished and received, it is not possible to make up a true and correct statement as to goods actually furnished to the Department, and the dates upon which the same were received. As illustrative of the manner in which this system has been carried out, I cite the following instances : On July 14, 1873, a requisition was made up by the Store-keeper on the Board for brown sheetings and awning stripes ; these were purchased from or through one Louis Sternbach, commission merchant, 36 Church street, who delivered the goods on July 31, 1873, when they were received and receipted for by the Store-keeper. The invoice which accompanied the goods was certified to by the Store-keeper ; the charge for the goods, as stated in the invoice, being \$2,125.02. The bill so certified was transmitted in duplicate to the Commissioners, and subsequently thereto, as stated by the Store-keeper in terms of instructions from the central

office, he erased the entry in his books, under date of July 31, 1873, and made new entries as for July 30, July 31, and August 1, and the new bills which were made up to correspond with these entries. The Store-keeper certified that the goods therein specified were received by him on said respective dates, which was not true in point of fact, and these new certified bills were also transmitted in duplicate to the central office. Each of the three new bills were under one thousand dollars. On June 16, 1873, another requisition was made by the Store-keeper on the Commissioners for 9,000 yards Melton gray cloth. These goods were also purchased through the same Louis Sternbach, and furnished in two quantities, viz., 4,369 yards on August 7, and 4,631 yards on August 11. The value of the first invoice, according to Sternbach's rate of charge, was \$1,868.07, and the value of the second invoice was \$1,979.86. The goods specified in these respective invoices were received on the dates stated by the Store-keeper, and entered by him on his books. These entries stand upon the Store-keeper's books as the correct record of the transaction, but instead of the two original invoices, each of which as shown was above one thousand dollars, five bills were substituted, each of which were less than one thousand dollars, and those bills which represented that the goods therein stated were received by the Store-keeper on August 4, 5, 6, 7, and 8, were certified to by the Store-keeper, transmitted to the central office, and are the bills on file in the Department of Finance,

and paid by that Department. The transaction as to the purchase of Melton gray cloth was the subject of investigation before the Grand Jury, and the evidence, on this investigation, was published in the *New York Herald* of June 7, 1874. From that evidence it appears that the facts were not brought to the attention of the Grand Jury, that the purchase of the goods exceeded in value one thousand dollars, and that the provisions of the Charter were evaded by making up five different bills for the two transactions. But it is in the purchases of flour that this system of evasion, of the provisions of the Charter, has been most extensively carried out. Thus, between November 12 and 22, 1873, the following quantities of flour, of the following brands, were delivered at the bakery : On November 12, 1,000 barrels of the Banner, 100 barrels of the Clinton, 78 barrels of the Tontine, and 22 barrels of the Iowa City ; on November 17, 175 barrels of Clinton, 100 barrels of Monroe ; on November 21, 466 barrels of Monroe. And there was delivered at the Store-house, on November 19, 600 barrels of Clinton ; November 21, 466 barrels of Monroe ; and on November 22, 134 barrels of Monroe, being a total delivery of 3,141 barrels. As this purchase exceeded \$20,000, an attempt was made to overcome the objection to which it was evidently exposed under the Charter, and, accordingly, entries were made by the Store-keeper, in his books, as if he had received on each of the dates, November 3, 5, 6, 7, 8, 10, 11, 12, 13, and 14, 150 barrels, being 50 of each of the

brands, Banner, Clinton, and Monroe. All these entries were subsequently erased and new entries substituted; that the 3,141 barrels of flour referred to had not been received, as I have explained they were in fact, but that they had been received upon the following dates, and in the following quantities, viz. :

November 3.....	140	barrels of Banner.
4.....	140	" "
5.....	140	" "
6 .....	140	" "
8 .....	140	" "
10.....	140	" "

27.....	140	" "
28.....	86	" "
<hr/>		
3,141		

From January 1 to July 1, 1874, there was received at the Bakery, on specific dates, 7,916 barrels of flour. This flour was received on the dates and in the quantities following, and the bills of the same were cut up or subdivided in the manner explained in the following table:

Date.	No. of Barrels received.	Subdivision of Bills.
Jan. 17, 1874	270	Store-keeper's invoice book has five bills for 135 barrels each.
20, "	235	
24, "	170	
31, "	690	Store-keeper's invoice book has five bills for 138 barrels each, January 29, 30, and 31; February 2 and 3.
Feb. 9, "	310	Store-keeper's invoice book has three bills: February 5, 104; 7th, 103; 6th, 103 barrels.
16, "	500	Store-keeper's invoice book has four bills: February 11, 12, 13, and 14, 125 barrels each.
20, "	478	Store-keeper's invoice book has four bills: February 16, 17, and 18, 120 each; 19th, 119 barrels.
Mar. 6, "	467	Store-keeper's invoice book has four bills: March 5, 117; 6th, 117; 7th, 117; 9th, 116 barrels.
13, "	533	Store-keeper's invoice book has four bills: March 4, 5, and 6, 133 barrels each; 7th, 134 barrels.

Date.	No. of Barrels received.	Subdivision of Bills.
Mar. 30, 1874	300	Store-keeper's invoice book has three bills: March 28, 30, and 31, 100 barrels.
31, "	399	{ Store-keeper's invoice book has six bills: March 30, 100, 125, 100, 100, 125, and 125 barrels.
Apr. 2, "	276	
21, "	550	Store-keeper's invoice book has five bills: April 17, 18, 20, and 21, 125 barrels; 22d, 50 barrels.
24, "	300	Store-keeper's invoice book has three bills: April 24, 23, and 25, 100 barrels each.
May 4, "	200	Store-keeper's invoice book has two bills: April 29 and 30, 100 barrels each.
11, "	500	Store-keeper's invoice book has five bills: May 7, 99; 8th, 101; 9th, 101; 11th, 100; 12th, 99 barrels.
13, "	475	Store-keeper's invoice book has four bills: May 8th, 115; 9th, 120; 11th and 12th, 120 barrels each.
30, "	263	Store-keeper's invoice book has two bills: May 29, 131; 30th, 132 barrels.
June 3, "	300	Store-keeper's invoice book has three bills: June 1, 2, and 3, 100 barrels each.

Date.	No. of Barrels received.	Subdivision of Bills.
June 8, 1874	500	Store-keeper's invoice book has five bills: June 1, 50; 2, 3, and 4, 110 each; 5th, 120 barrels.
July 1, "	200	Store-keeper's invoice book has two bills: June 29 and 30, 100 barrels each.

It will be thus seen that the entries in the Store-keeper's books were not made showing correctly these various purchases, the quantities, dates and amounts, but were made to conform to the altered bills, and these altered bills, certified by the Store-keeper, were transmitted in duplicate to the central office, and were subsequently paid by the Department of Finance. In the confusion created by this irregular mode of conducting the business of the Department, I find that in one instance, at least, both the original and substituted bills, certified by the Store-keeper and by the Commissioners of Charities and Correction, were transmitted for payment to the Department of Finance, and the creditors who furnished the flour, Messrs. E. W. Coleman & Co., were paid by the Finance Department the amount specified in both the original and substituted bills. This double payment was not discovered by any of the officials in the Department of Charities and Correction. Messrs. E. W. Coleman & Co. made known that on a balance of their accounts they found that they had been overpaid \$1,980, being for 300 barrels of flour purporting to have been deliv-

ered by them on November 3 and 11, 1873, and upon January 23, 1874, they paid to the Department of Charities and Correction this amount of \$1,980, and this sum was handed over by the latter Department to the Department of Finance. Subsequent to this repayment Messrs. Coleman & Co. further represented to the Department of Charities and Correction that they had made a mistake in repaying \$1,980 as for an overpayment on 300 barrels of flour, and that the amount that ought to have been repaid was only \$990. Whether this representation was correct in point of fact or otherwise, the Commissioners had no means of testing, in so far as any books in the Department could afford information. The Store-keeper undertook to make an investigation not in the books and papers of the Department, but in the books of Messrs. Coleman & Co.; and he, upon such investigation and comparison with his books, represented that he was satisfied that the overpayment to Messrs Coleman & Co., in the first instance, had amounted to only \$990, and that they had repaid, instead of this sum, \$1,980. The Store-keeper in his report on this subject to the Commissioners, under date January 26, 1874, says: "The discrepancy has arisen in this way: Two bills each for \$990, which in the transfer of invoices should have been destroyed, were (being already in the hands of the Comptroller) paid, and a bill of November 7 for 150 barrels flour, bought during the time between the purchase of the 3,000 barrels and its delivery, remain unpaid. In the adjustment of the account, and before it was ascertained just what the bal-

ance was, E. W. Coleman & Co. repaid the sum of \$1,980, for which they are credited in the account submitted. In the early part of the transaction it was discovered E. W. Coleman & Co. were overpaid \$506.63, which was afterwards corrected in this way:

" The bills of November 11, for.....	\$1,072 00
"       "               "       12, " .....	1,310 00
	<hr/>
" Amounting to .....	\$2,382 00
" Were paid for.....	\$900 37
"       "               " .....	975 00
	<hr/>
	1,875 37
	<hr/>
" being short.....	\$506 63
" the amount paid in error."	

I also find that in the supplies of groceries, and such like, the entries in the books have been altered, and a system similar to that which I have explained as to the purchase of flour, has been in practice, for the evident purpose of evading, if possible, the provisions of the 91st section of the Charter.

Eighth—I find bills for purchases of supplies, exceeding upon their face in value one thousand dollars, were certified by the Commissioners, transmitted to the Department of Finance, and most of which were paid as follows: Goods furnished in June, 1873, by H. K. Thurber & Co. and H. Wallach's Sons; in August, 1873, by Hollister & Chamberlain; in October, 1873, by Spen-

cer & Havemeyer, Woodruff & Robinson, and H. K. Thurber & Co.; in November, 1873, by Armstrong & Morrison; in February, 1874, by Tefft, Griswold & Co. and H. K. Thurber & Co.; in March, 1874, by H. K. Thurber & Co. and Tefft, Griswold & Co.; in May, 1874, by H. K. Thurber & Co.; in June, 1874, by Spencer & Havemeyer.

Ninth—Section 116 of the Charter provides that “No subordinate, in any Department, shall receive a greater salary than the salary paid to the head of the Department.”

The highest salary paid to the head of the Department of Charities and Correction is to the President of the Department, whose salary, by the same section of the Charter, is fixed at \$6,500. On October 14, 1873, the Commissioners of the Department, by resolution adopted at the meeting of that date, appointed Charles G. Cornell Purchasing Clerk of Meats for the Board, and fixed his compensation at one-half cent per pound upon the purchases made by him. I find that between November 10, 1873, and June 26, 1874, being a little over seven months, Mr. Cornell's purchases of meats for the Department amounted to \$90,595.85, and that he has been paid, as compensation or salary, as Purchasing Clerk during this period, the sum of \$8,749.47, being equal to a salary of more than double the amount paid to the President of the Department.

*Tenth*—As a result of that system of evasion of the provisions of the Charter carried on by this Department and the impossibility of accurately determining the position of the Department in reference to the appropriation made by law for conducting it, I found that purchases made in the latter part of 1873, by the Department under its present administration, were found to be in excess of the appropriation remaining for that year. The Charter, section 89, provides that “no expenses shall be incurred by any of the Departments, Bureaus, or officers thereof, unless an appropriation shall have been previously made covering such expense.” Finding that the purchases referred to were in excess of the appropriations remaining of 1873, the bills therefor were not transmitted by the Commissioners to the Department of Finance in 1873, but were altered so as to make it appear upon the face of the bills as if the purchases were made in 1874, and to be paid out of the appropriation of that year. It is impossible, on account of the alterations that have been made, to specify the amount of the bills so altered, but the same will exceed many thousand dollars. From the foregoing particulars it is evident that the system pursued in administering the affairs of the Department of Charities and Correction is one susceptible of considerable improvement, and it is to be hoped that, with a view to the public interests, such improvement will not be delayed.

Respectfully submitted,

LINDSAY J. HOWE.

# PRELIMINARY REPORT

OF THE

Committee on Law Department,

TRANSMITTING

REPLY OF THE

Commissioners of Public Charities and Correction

TO THE

REPORT OF THE COMMISSIONERS OF ACCOUNTS.

---

**BOARD OF ALDERMEN,**

*September 17, 1874.*

---

DOCUMENT No. 12.

---

NEW YORK:

F. B. FISHER, PRINTER AND STATIONER,  
Nos. 17 & 19 ROSE STREET.

---

1874.

DOCUMENT No. 12.

---

# BOARD OF ALDERMEN,

SEPTEMBER 17, 1874.

---

The following Report of the Committee on Law Department, transmitting a reply of the Commissioners of Charities and Correction to the report of the Commissioners of Accounts, was received, laid over, and five hundred copies ordered to be printed in document form.

JOSEPH C. PINCKNEY,

*Clerk.*

---

The Committee on Law Department, to whom was referred the communication from the Commissioners of Accounts, relative to the Department of Charities and Correction (Document No. 11, of the Board), and also the communication from the Commissioners of Charities and Correction, requesting to be heard before the Board,

in reply thereto (which request was granted), beg leave to make the following

### PRELIMINARY REPORT:

That, immediately upon the reference of the communications, your Committee addressed to the Commissioners of Charities and Correction a letter, dated September 11, 1874, a copy of which is contained in the reply of the Department to the charges preferred by the Commissioners of Accounts, hereto annexed, and in answer thereto have received from the said Department of Charities and Correction a reply, which is herewith transmitted to the Board.

For the information of the public, your Committee request that the reply be printed in document form, which would be simply an act of justice to the said Department.

Upon further examination it appears that the action taken in simply referring the subject to your Committee (see page 248, proceedings September 10, 1874), does not authorize or empower them to make any investigation. If it is intended that the Committee shall investigate the affairs of this Department, it is indispensable that the services of a stenographer and an expert accountant be placed at the disposal of the Committee; it is also necessary that a resolution should be adopted by the Board, authorizing the Committee to proceed with such investigation. Your Committee, therefore, make this prelimi-

nary report, and await the further action of your Honorable Body.

S. V. R. COOPER, } *Committee on*  
O. P. C. BILLINGS, } *Law Department.*

*Answer of the Commissioners of Public Charities and Correction to the Report of the Commissioners of Accounts.*

NEW YORK, September 14, 1874.

Hon. S. V. R. COOPER,

*Chairman of Committee, Law Department  
of Board of Aldermen :*

DEAR SIR—On the 3d instant the Commissioners of Accounts presented to the Board of Aldermen a report as to the Department of Public Charities and Correction, made by Commissioner Howe, one of the Commissioners of Accounts, which report was printed in full in the *City Record* of the following day. On the 5th instant the Commissioners of Charities and Correction sent to the President of the Board of Aldermen the following communication.

DEPARTMENT OF  
PUBLIC CHARITIES AND CORRECTION, }  
NEW YORK, Sept. 5, 1874. }

Hon. SAMUEL B. H. VANCE,

*President Board of Aldermen :*

SIR—The Commissioners of Public Charities and Correction, solicitous to be heard in reply to the report of the

Commissioners of Accounts, have passed the resolution which I have the honor to inclose, and I respectfully request that it may be laid before the Honorable Board of Aldermen at their first meeting.

Your obedient servant,

WM. LAIMBEER,  
*President.*

*Resolved*, That the Honorable the Board of Aldermen be respectfully requested to give this Board of Commissioners an early opportunity to reply to the report made to that body by the Commissioners of Accounts on Thursday, the third instant.

Adopted by the Board.

JOSHUA PHILLIPS,  
*Secretary.*

On the 10th instant the Honorable Board of Aldermen referred the matter to the Committee on Law, and on the 12th day of September, instant, the Board of Commissioners of Charities received from the Committee on Law the following communication :

OFFICE OF THE CLERK COMMON COUNCIL, }  
NEW YORK, September 11, 1874. }

*Department of Charities and Correction :*

The Report of the Commissioners of Accounts, in regard to your Department, submitted to the Board of Aldermen,

3d September, instant, and your request to said Board, to be heard in regard to said report, have been referred to the Committee on Law Department of said Board for investigation.

You are hereby requested to furnish to said Committee, at your earliest convenience, any and all statements, vouchers, papers, etc., which you may deem proper in answer to the said report, and the matters therein contained. I send this letter to you by directions of the Committee.

Yours, truly,

S. V. R. COOPER,

*Chairman of Committee on Law Department  
of the Board of Aldermen.*

Office, 177 Broadway.

DEPARTMENT OF  
PUBLIC CHARITIES AND CORRECTION, }  
No. 66 THIRD AVENUE,  
NEW YORK, September 14, 1874. }

Hon. S. V. R. COOPER,

*Chairman of Law Committee*

*of the Board of Aldermen :*

DEAR SIR—Your favor, under date of the 11th instant, was received at this office on the 12th instant.

This morning, at a meeting of the Board, I was directed

to say that immediate answer would be made by this Board to the report of the Commissioners of Accounts.

Very respectfully, yours,

(Signed)

WM. LAIMBEER,  
*President.*

The Commissioners of Public Charities and Correction gladly avail themselves of the opportunity thus afforded to reply to the errors and inaccuracies, to the insinuations and misrepresentations, to the charges, direct and implied, contained in the report of Mr. Howe.

And we beg to call the attention of your Committee to the animus which plainly characterizes the report of the Commissioner.

It is clear, from a casual perusal of the report, that the Commissioner is not actuated by that fair and impartial spirit which always ought to belong to the candid searcher for truth.

On the contrary, it is apparent that many things capable of a complete, and satisfactory, and thorough explanation—which explanation we would have cheerfully afforded the Commissioner, if he had requested us to do so—have been placed before your Honorable Board, and held up before the public as proofs of intentional wrong and violation of law, and even of possible corruption.

The theory of the common law, that every man must be considered innocent until proved guilty, seems to have been

reversed by the Commissioner, and he appears to have proceeded in his investigation with the idea that it was his duty, in no instance, to give the members of our Board the credit of good motives, and pure and honest intentions in the management of the affairs of the Department, where it was possible to throw upon our conduct and actions, by a construction however improbable and forced, the suspicion of wrong and of intentional violation of duty.

We feel it is in some measure an ungracious task to attack the conduct or impugn the motives of a fellow official in the city government, but truth and justice to ourselves compel us to say that the report of Mr. Commissioner Howe seems intended to make a sensation, at whatever expense to our good names, rather than to serve the interests of justice or the public good.

With this brief introduction, we will proceed to take up, somewhat in detail, the various charges made by the Commissioners of Accounts.

At the very commencement of his report, the Commissioner suppresses an important fact, to wit: the initiation, by our own Board, of the investigation into the accounts of our Department, and leaves the Board of Aldermen and the public generally to conclude that this investigation was set in motion by the Commissioners of Accounts.

The truth is, and it was well known to the Commissioners of Accounts, that an investigation into the accounts

of our Department was urgently requested as early as September 9, 1873, by the following resolution of our Board, adopted on that day, and forwarded by our President to Hon. John Wheeler, the President of the Board of Commissioners of Accounts.

SEPTEMBER 9, 1873.

*Resolved*, That the Commissioners of Accounts be respectfully requested to examine the account-books of the Department, and to make such suggestions in respect thereto as they may deem expedient.

Adopted.

The following note accompanied this resolution :

SEPTEMBER 9, 1873.

SIR—I have the honor to transmit the following resolution, adopted by the Board of Commissioners of Public Charities and Correction, at a meeting held this day. .

WM. LAIMBEER,  
*President.*

Hon. JOHN WHEELER, *President.*

Prior to the passage of this resolution, and immediately after the appointment of the Commissioners of Accounts, in the latter part of July, 1873, one of our number called upon Mr. Wheeler, asking that the Commissioners of Accounts would investigate the books and accounts of our Department. And in August, 1873, two of our number

again called on the Commissioners of Accounts, making the same request. And the President of the Board made this request to Mr. Howe, in person.

These repeated requests were made to the Commissioners of Accounts because our Board wished their services and assistance in getting the books at the Central Office into a proper and satisfactory condition.

When the present Board came into office, on the 19th May, 1873, we found the books in charge of a book-keeper who had been in that capacity in the employ of the Department for several years.

Shortly after our accession to office we discovered that his books were not balanced, and in some parts were not even posted. We at once instructed him to balance the books and present to us a balance-sheet. After a great delay on his part, which he accounted for by various excuses, finding in September that the books were not written up or properly balanced, the Board passed the resolution above set forth, asking the Commissioners of Accounts to examine into the books of the Department.

It is not true, as Mr. Commissioner Howe alleges in his report, that "none of the Commissioners were apparently aware of the condition of the books."

The Commissioners of Accounts were informed by members of our Board as long ago as the latter part of July, 1873, of the condition of the books, and were repeatedly

requested by us to assist in rectifying discrepancies therein, for which the present Board are not responsible.

It is needless to say that our Board failed to receive that advice or assistance from the Commissioners of Accounts which we at one time hoped they had the ability and inclination to give us.

We naturally deemed it expedient to avail ourselves of the knowledge and experience of the book-keeper who had been in charge of the books for some years, and therefore his removal was postponed from time to time, until we became satisfied of his incompetency to fill the position, when we were obliged to secure the services of a competent man, who now has charge of the books and is rapidly bringing them into proper shape and order.

Mr. Howe says that he commenced his investigation into the affairs of the Department on the 24th of January last.

That, to quote his own language, "a partial investigation, which I made then into the affairs of the Department, led to a discovery by me that there was a cash balance in the Third National Bank of this city, to the credit of the Department, of eight thousand eight hundred and sixty-nine dollars and sixty-seven cents (\$8,869.67). Although this balance had been in bank since the month of May, 1873, I found that the Commissioners were not aware of its existence."

It is wholly false that this balance of eight thousand eight hundred and sixty-nine dollars and sixty-seven cents (\$8,869.67) to the credit of the Department in the Third National Bank was discovered through the efforts of Mr. Commissioner Howe.

Its existence was known to the present Board within forty-eight hours after their accession to office. And yet Mr. Howe has the effrontery to say that HE found that the Commissioners were not aware of its existence.

As the old book-keeper announced that there was a discrepancy between the accounts of the Finance Department and our Department, we thought it best to let the balance be there until the settlement of this difference between the two Departments; and as this sum bore interest at the rate of four per cent. per annum, the rate allowed on all the city deposits, the city did not suffer any loss or damage by this course. Moreover, the transfer of this sum to the City Chamberlain was our act, and not Mr. Howe's.

We are unable to agree that Mr. Howe's evident anxiety to play the part of a great discoverer and public benefactor justifies him in making statements which he knows to be untrue, or which the slightest inquiry on his part would have shown him to be so.

Mr. Commissioner Howe seeks to convey the impression that his examination was delayed at the request of the Commissioners; he says:

“Before the investigation was little more than entered

upon by me, I was requested by Messrs. Laimbeer and Stern, Commissioners, to adjourn the same for one week, by the end of which time they stated that the book-keeper promised to have his books written up, and then the affairs of the Department could be readily inquired into. The delay asked for this purpose was accordingly granted by me, and at the end of the week allowed, I again called at the Central Office of the Department to proceed with the investigation; when I found that no progress whatever had been made in writing up the books. Still further time was allowed for this purpose, the Commissioners undertaking to communicate with me whenever they had got entered the transactions of the Department in their books."

On the contrary, the examination was deferred, in both instances, at the suggestion of Mr. Howe.

We had sent for the Commissioners three or four times to make an examination. We desired their help and assistance in putting the books of account into proper shape, and were anxious that this help and assistance, which we hoped to have from the Commissioners of Accounts, should be offered to the Department as soon as possible.

How unfair and unjust to us it is, therefore, for Mr. Howe to allege that we asked for delay or sought to defer the examination one moment.

By our direction, every facility was afforded Mr. Howe and his clerks for the thorough examination of any and all

books of accounts, bills, vouchers, and papers pertaining to the entire Department, and our store-keeper was sent for and directed to accompany the Commissioner, and afford him all the assistance he might want, or could be given him, in the prosecution of his examination.

As another instance of Mr. Howe's desire to mislead your Honorable Board, and to prejudice us in your estimation and that of the public, he announces, as a very startling fact, that the cash-book, when he first commenced his examination, to wit, January 24, 1874, had not been written up since May 31, 1873. This would seem to be a very grave charge, and your Honorable Board and the public are left to draw the conclusion that there must be something very wrong about the affairs of the Department, and to imagine all kinds of irregularities, and it may be defalcations, in our cash accounts, because the cash-book had not been written up since May 31, 1873. Now, the truth about the whole matter is this :

By the present Charter all the cash disbursements on behalf of the Department must be made by and through the Finance Department, and we can and do make no cash disbursements whatever, except the distributions of money to the out-door poor, which cash account is kept by the Superintendent of the Out-door Poor, and is not called in question here. This was not the case before the present Charter.

The Commissioners of Charities and Correction formerly

made all the cash disbursements on behalf of the Department, and, therefore, the cash-book was with them an important book. But under the present Charter, which became a law April 30, 1873, the only cash book necessary for the Department to keep—and now and heretofore kept by the Department—is a cash-book kept by the Secretary of the Board, and contains an account of all moneys received from any source whatever, and transmitted, in compliance with the requirements of the law, to the City Chamberlain. These moneys are the proceeds of sales of condemned articles, refuse matter, money received for board of patients in the hospitals, and the cash-book contains the entry of the sums paid over to the City Chamberlain.

The Secretary's book has always been balanced as often as once a month, and the slightest inquiry on the part of Mr. Howe would have elicited that fact.

The cash-book which Mr. Howe found had not been written up since May 31, 1873, must have been the old cash-book, kept under the former system, when such a book was an important book, in which, as well as in the Secretary's cash-book, a few entries of items of cash received were made after the inauguration of the new system.

But the entry of these cash items in both books was unnecessary, and the cash-book kept by the Secretary has been the only one needed or in use at the Central Office, and that book was, at the time of the commencement of

Mr. Howe's examination, and at all times, and now is, properly kept and balanced at frequent intervals by the payment over to the City Chamberlain of the cash on hand, for which the Chamberlain's receipt is received.

With regard to the condition of the books of our Department, about which Mr. Howe has so much to say and so much more to imply or insinuate, we beg to say that the whole matter is briefly this:

At the time of our accession to office we found the books of the Department at the Central Office had not been properly written up or balanced; we kept the book-keeper whom we found in charge along for some time, hoping and expecting that he, the only man who had any knowledge of them, would write them up and put them in proper shape, as he was directed to do shortly after our accession to office.

When we became satisfied that he was unable properly to post and balance the books, we obtained the services of a competent man, who now fills his place, and who is rapidly bringing them into proper shape and order.

Perhaps it would have been better if we had sooner arrived at the conclusion that the old book-keeper was not competent for his place. But we are confident that the city has not been injured or damaged a dollar by this mistake in judgment on our part; nor does Mr. Howe show any such injury or damage, although he seems to

have had the matter under investigation for the last six months.

We now proceed to take up Mr. Commissioner Howe's charges in order.

The first charge is that the present Commissioners, when they entered upon their duties, made no inventory of the stock or property on hand belonging to the Department and received over by the present from the old Board of Commissioners.

It has been the practice of the Department to take an inventory of the stock of supplies on hand on the 1st of January in each year.

The store-house books had been closed, and such an inventory taken on the 1st of January, 1873.

In the stock-books kept at the store-house the supplies furnished are charged or debited, and the supplies distributed to the various institutions are credited, and the books balanced at the end of every month, and thus the stock of supplies on hand at the end of the month readily appear from these stock-books.

We found on assuming our duties that the store-keeper's books were correctly kept, and on examination we became satisfied that the stock of supplies on hand corresponded with the stock which the store-keeper's books called for ; we saw no necessity, therefore, of taking an inventory at that time. On the 1st of January, 1874, the rule of the

Department was carried out, and the annual inventory made out of the stock of supplies on hand.

*Second.*—Mr. Howe charges that no separate accounts were kept with persons from whom purchases were made. To this charge we answer that such accounts were not kept at first in our Department, but have been kept since the 1st day of January, 1874; but at all times the store-keeper's books have contained a correct copy of all the invoices of goods purchased, with the names of the parties and the prices of the articles therein.

*Third.*—The balance-sheets presented by the book-keeper, on April 25, may have been incorrect. The condition of the books when we came into office, and the long delay in getting them into condition, we have already adverted to, as well as to the causes of the delay; and, as we have already said, the books in the charge of our present book-keeper are rapidly being brought into order, and the evil complained of has been or will be soon fully remedied. The books at the Central Office are books of original entry, and are not copies of the books of the store-keeper, on Blackwell's Island, and are made from original bills or invoices returned from the store-keeper.

These bills or invoices of supplies, etc., are first entered upon the books of the store-keeper, and then are forwarded to the Central Office, where the bills or invoices are entered in the books of that office. It is intended that the two sets of books in these respects should be mutual checks,

the one on the other ; and it is difficult to conceive why this system should be considered a ground of complaint against the management of our Department.

*Fourth.*—It is not a mere theory, as Mr. Howe implies, of the Department, that purchases (except drugs and supplies for the out door poor) made for the Department are delivered to and received by the store-keeper in charge of the store, but an established system, and faithfully carried out, with such exceptions, however, as common sense, convenience, and economy demand.

Thus our system does not require that coal for the Tombs or Bellevue Hospital, or brick and lumber for Hart's Island, should first be transferred to the store house at Blackwell's Island, to be weighed and examined there, and then reshipped at a great additional expense ; or that one hundred barrels of flour, wanted for use at the bakery, should be shipped first to the store-house, and then reshipped or transferred to the bakery at double the cost ; or that horses which are purchased for use at Hart's Island should first be sent to the store-house on Blackwell's Island. Economy and convenience demand that articles of great bulk should be shipped directly to the place or institution they are intended for, where they are examined by the proper warden or superintendent, whose certificate or voucher goes to the store-keeper, and the store-keeper, relying on the correctness of the certificate of the various wardens or superintendents, enters the bill or invoice in

the books, and in his turn certifies the same to the Commissioners.

With these exceptions, which every man of common sense must admit are unavoidable, the supplies are delivered at the store-house, received and examined by the store-keeper and his subordinates, are compared with the requisitions, and, if accepted, the invoice or bill therefor is entered on the books of the store-keeper, and then transferred with his certificate of the receipt of the goods to the Central Office. It is, of course, physically impossible for any one man to receive, weigh, and count all the supplies daily received for the 8,000 to 10,000 people under our charge, distributed among some thirty-one institutions, which are scattered over an area of some thirty square miles. Mr. Howe's charges on this score are simply frivolous and absurd—while his charge that no books containing a record of the goods delivered were kept at the bakery on Blackwell's Island is wholly false, as a single inquiry would have shown him.

*Fifth.*—Mr. Howe's fifth charge is substantially as follows :

“The goods received by the store-keeper are distributed by him upon his own responsibility,” etc.

In this charge Mr. Howe makes willful misrepresentation of the facts, notwithstanding he was made fully acquainted with the system of the distribution of stores and supplies carried out by our store-keeper. This system was

carefully explained to him in its details, and he emphatically approved of it. The system in operation, and strictly carried out, is this: Each warden or other head of an institution is required, once in each fortnight, to make a requisition for such supplies of food and other articles as he may, in his judgment, require for the ensuing two weeks. These requisitions are made upon the general store-keeper. The quantity of the food called for is based upon the actual number of inmates, who are each, according to their class, allowed a *per capita* amount, based upon a dietary table established by the Medical Board of the Department; other articles are called for, as the judgment of each warden may dictate.

The requisitions when received are examined by the store-keeper personally, calculations made to see if each complies with the dietary table, and when the store-keeper is satisfied as to their correctness, he so certifies them to the Commissioners, who each at his leisure passes upon, and if he approves, signs the same; and the rule requires that a majority of the Board must so approve before the store-keeper is allowed to or does distribute one dollar's worth of anything.

*Sixth.*—In his sixth charge Mr. Howe states:

“ Upon the requisitions made by the store-keeper, the Commissioners, in their discretion, order the supplies therein specified to be purchased.

*“In making these purchases it appears no regard is paid by the Commissioners to the provisions of the ninety-first section of chapter 335, Laws of 1873, which declares, ‘That whenever any work is necessary to be done to complete or perfect a particular job, or any supply is needed for any particular purpose, which work or job is to be undertaken or supply furnished for the Corporation, and the several parts or the said work or supply shall together involve the expenditure of more than one thousand dollars. the same shall be done by contract \* \* \* founded on sealed bids or proposals \* \* \* and given to the lowest bidder.’ ”*

This allegation of Mr. Howe, that in making purchases of supplies no regard is paid by us to the provisions of the ninety-first section of the Charter, is wholly false and untrue, and Mr. Howe must have known when he made this allegation that it was utterly false. He, a city official himself, had only to consult the files of the *City Record*, the official paper, where advertisements of this kind, by law, must be published, to find the advertisements from time to time by our Board for supplies needed for our Department.

We have prepared and submit herewith ■ schedule of the advertisements taken from the *City Record*, between the dates June, 1873, and September, 1874.

Now, when we find instance upon instance, repeated again and again, of false statements in Mr. Howe’s report, we submit it is but fair to conclude either that Mr. Howe

is so actuated by malignant hostility against us, that he is totally regardless of the means he makes use of to injure us, or that he has allowed his name to be signed to a report with the contents of which he is, for the most part, entirely unacquainted.

The allegations contained in charges six, seven, and eight of Mr. Howe's report are in substance to the effect that we have violated the letter and spirit of the ninety-first section of the Charter, and that we have caused our books to be altered to cover up and conceal these violations of law.

The same spirit of unfairness and hostility which pervades the other parts of the report is also apparent here.

It is clear that the report is intended to convey the impression that erasures of a kind to obliterate the original entries have been made in the store-keeper's books. This is not the fact; any alterations that have been made, have been made so that the original entries are still preserved, and it is perfectly obvious what they were. These erasures, so called, have been made in the manner that book-keepers generally make them; that is, a single line in red ink has been drawn through the figures only carried out in the last column, leaving all the rest of the entry and all the part in writing without any erasure whatever, and the figures in black ink under the line in red ink perfectly legible. There has been, therefore, no concealment or attempt at concealment or deception in the matter, as

clearly appears from our repeated invitations to the Commissioners of Accounts to come and examine our books.

It is but just to us to say that we did not direct these alterations to be made, and *were not aware that they had been made in any instance*, until after the publication of Mr. Howe's report.

We do not claim to be skilled in the construction or interpretation of the statute in question.

We have acted on the theory, however, that the section of the Charter in question should be complied with, both in its spirit and letter. We cannot but think that this section is in many respects obscure and difficult of comprehension to the mind of the ordinary layman. We believed that the intent of the section was to insure economy in purchases, and to guard against fraud and jobbery.

We have found by experience and actual trial of the system of advertisements for contracts for supplies, that it is almost impracticable when applied to our Department, which is called upon to supply the actual daily wants of from 8,000 to 10,000 people.

We have found, as a rule, that the lowest bid received in answer to our advertisements was considerably higher than the prices at which the goods could be bought in open market.

The reasons for this are many.

Thus the advertisement and completion of a contract requires fully twenty days, including the ten days required for publishing the advertisement. The merchant, therefore, who submits his bid, makes a calculation upon the chance of a rising market, and is almost compelled to add a considerable margin to protect himself against that contingency.

Again, the conditions and technicalities required by the law are considered by merchants and dealers so burdensome that the better class of dealers will not submit proposals or make bids in reply to our advertisements.

The following are some of the requirements of the law in this particular.

1st. "The terms of all contracts shall be settled by the Counsel to the Corporation, as an act of preliminary specification to the bid or proposal."

2d. "The bidder shall give security for the faithful performance of his contract in the manner prescribed and required by ordinance, and the adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller."

3d. "Every contract, when made and entered into, as before provided for, shall be executed in duplicate, and shall be filed in the Department of Finance."

4th. "The estimate shall be verified by the oath, in writing, of the party making the estimate, that the several

matters stated therein are in all respects true ; the oath or affirmation, in writing, of each of the persons signing the bond, as sureties, is to be taken before a judge of any court of record in the county (not before a notary public or commissioner), that he is a householder or freeholder in the City of New York," etc.

5th. " If the sureties are approved by the Comptroller, the contract and the bond for its faithful performance, attached thereto, are to be executed in duplicate, and one copy thereof sent to the Comptroller's office, to be registered and filed as provided by section 92 of the Charter."

Moreover, we are advised by the Counsel to the Corporation that the lowest bid, *in law*, is *the lowest bid that is regular, in form and in substance*, and which conforms to the requirements of the statute. As a consequence, it often happens that we are obliged to pass over the bid lowest in fact, and award the contract to one whose bid is regular and legal in form—but it may be the highest on the list; and thus the articles needed have to be purchased at exorbitant prices.

We now beg to call attention to some of the results of our endeavors to obtain supplies by the contract system.

It should be observed that the law prescribes that " all such contracts, when given, shall be given to the lowest bidder."

As our purchases of flour have been the subject of severe criticism on the part of Mr. Howe, we will detail

our experience in our endeavors to buy flour by the contract system.

On the 10th of July, 1873, our Department advertised for 600 barrels of flour.

We received six bids in all, varying in price from \$6.50 to \$7.60 per barrel, the contract was, in accordance with the law, awarded to the lowest bidder.

The contract was completed, and the flour delivered.

When we undertook to use it, the bread made from it was found to be bad ; those who ate it were made sick, and we were obliged to return it at a great inconvenience and some expense to the Department.

Again, on August 10, 1874, we advertised for proposals for 1,000 barrels flour.

We received but *one* bid, and were obliged to award the contract to this bidder, and we afterwards found that we paid for this flour, under our contract, about 25 cents a barrel more than the market price then ruling.

On June 16, 1874, we advertised for 8,000 tons of coal.

We received but *one bid*, and were obliged to award the contract to this bidder, and thus the city was deprived of all the benefit of competition in the open market.

In two other instances, which occur to us, where we advertised and entered into contracts for supplies, the goods

delivered were so poor we had to reject them at great loss and inconvenience.

On January 10, 1874, we advertised for—

10,000 lbs. of tea.

2,000 “ “

100,000 lbs. brown sugar.

14,000 lbs. coffee.

500 bushels rye.

50 bbls. hominy.

50 bbls. oatmeal.

7,000 lbs. tobacco.

5,000 lbs. barley.

18,000 lbs. rice.

1,000 lbs. pepper.

2,000 bushels oats.

500 bushels peas.

300 lbs. farina.

1,000 lbs. cocoa.

200 sacks salt.

200 dozen brooms.

500 bales straw.

4,000 yards prison cloth.

When the bids were opened and examined we found them generally informal and irregular, and the prices so exorbitant that, in the exercise of a sound discretion, with ■ due regard to economy, we felt it to be our duty to re-

ject all the bids made. In some cases we have advertised for supplies, and received *no bids at all*.

What are the Commissioners to do in cases of this kind? We have placed upon us the responsibility of supplying the daily wants of some 8,000 to 10,000 persons confined in the public prisons and houses of correction, patients in the hospitals and asylums—men, women, and children—all dependent for their food, clothing, and shelter, from day to day, upon our Department.

It is clear that if we are unable to supply these wants through the contract system, we must provide for them by purchases from day to day in the open market, and wherever we can buy them the best and cheapest; and we have been of the opinion that the ninety-first section of the statute allowed us to do so when the supply purchased “for any particular purpose,” to quote the language of the statute, did not “involve the expenditure of more than \$1,000.” At the same time we have endeavored to conform to those provisions of the statute in regard to advertising for contracts, when the nature of the supply wanted, and time when needed, rendered it practicable to do so.

The rule of the Department and the instructions to our subordinates have been that single purchases of a supply “needful for any particular purpose” should not exceed in amount more than one thousand dollars, and should be made in the open market, and wherever they could be made in the most advantageous manner.

The system of purchases followed by us was adopted after careful consultations with many reputable and experienced merchants and dealers, and we believe that we can show that, under this system, our purchases have been made at or below the current market prices, and more economically and at better advantage than by the contract system.

We will now proceed to examine somewhat in detail the charges under the sixth, seventh, and eighth subdivisions of Mr. Howe's report: "But," says Mr. Howe, "it is in the purchases of flour that this system of evasion of the provisions of the Charter has been most extensively carried out."

Let us see what the real facts of the case are in regard to the purchase from E. W. Coleman & Co., of the 3,141 barrels of flour.

Here Mr. Howe confounds the dates of the purchases with the dates of the deliveries, and the entries of the deliveries with the entries of the invoices. The flour was purchased by the purchasing clerk in small lots at various dates, but the deliveries were made by the merchant in large lots by boat. The large lots were delivered at the bakery or store-house, and entries made in the books there of their delivery at the date thereof, while the bills or invoices of the same goods, though in smaller lots, would be copied, with the dates thereon, into the books of the store-keeper.

After about 1,500 barrels of this lot of 3,141 barrels had been delivered, and the invoices, with the dates thereon, copied into the store-house books (which invoices bore the respective dates of November 3, 5, 6, 7, 8, 10, 11, 12, 13, and 14), these invoices were certified to the Commissioners for their examination and approval. The Commissioners, finding that the sellers had charged in these respective bills an item for inspection, and in some cases for cartage, declined to approve the bills on account of these extra charges, and sent them to the sellers for correction ; and thereupon new bills, in which these extra charges were taken off (a schedule of which new bills is set forth in Mr. Howe's report), were received from the sellers, and transmitted to the store-keeper to be copied in his books ; and it seems that the store-keeper, as was proper, and as every book-keeper would have done under the circumstances, drew a line, in red ink, through the figures in each of the original entries of the invoices, which denoted the amount in value of each invoice, leaving this entry, as well as the rest of the copy of the invoice, perfectly legible. Mr. Howe *suppresses the important fact that the amount of original invoices did not in any case exceed in value the sum of \$1,000.*

Why the second series of bills should have been for 140 barrels instead of 150 barrels each, we are not informed.

But inasmuch as this alteration was entirely unnecessary for the purpose which Mr. Howe alleges, it is but common

fairness to suppose that Messrs. E. W. Coleman & Co. can explain it to the satisfaction of your Honorable Board and the public.

Mr. Howe presents a schedule of purchases of flour in various lots, from January 1 to July 1, 1874, amounting in all to 7,916 barrels.

Here again Mr. Howe makes the blunder, or is willfully guilty of confounding the lots of flour delivered or received with the lots purchased, the former being made up of two or more of the latter. The dealer, for purposes of convenience and economy, would wait before making his deliveries until enough had been purchased to make a boat-load.

The copies of the bills or invoices which appear in the store-keeper's books exactly and correctly represent the purchases as made, as to the date, quantity, and price, as we are assured by the dealers from whom the purchases were made, and by our purchasing clerks; and each of these bills were less in amount than \$1,000.

Moreover, it is not true, as implied by Mr. Howe, that any erasures of any kind whatever were made of the entries in the books relative to purchases of these lots of flour enumerated in this schedule.

Our Department requires 300 to 350 barrels of flour to supply the weekly wants of those dependent upon us.

This supply we have bought in open market, at the Produce Exchange, of reputable dealers, at economical prices; and in this connection we submit the following quotation from the report of Messrs. Archibald Baxter, S. D. Harrison, Wm. L. Boyd, and John H. Boynton, members of the Arbitration Committee of the Produce Exchange, in a matter recently submitted to them:

“First—The regulations of the Department of Public Charities and Correction (including instructions to its purchasing agent), were explicit and well adapted to reach the end of buying in the open market, on the best terms for such purposes, as well as for securing that the quantity and quality bought should be received.

“Second—The purchasing agent carried out his instructions faithfully, his only error being one of judgment, and that committed in a commendable effort toward economy.”

About the overpayment of Messrs. E. W. Coleman & Co., we are obliged to correct Mr. Howe in several particulars:

1st. It was and is possible for any book-keeper of any experience to tell, by the books of the Department, the exact amount of the overpayment.

2d. The store-keeper's investigation *was made in the books of the Department* and the results were found to compare with the books of E. W. Coleman & Co., as was

to be expected, provided both sets of books were properly kept.

Although it is a matter of regret that any error should have occurred, still, every man of experience knows that errors of this kind occur in our best managed banks and other business and financial institutions.

We have now answered, somewhat in detail, the charges of Mr. Howe relative to our purchases of flour, in which, to quote Mr. Howe's report, "this system of the evasion of the provisions of the Charter has been most extensively carried out." There are charges of a similar nature relative to purchases of dry goods and groceries. In many instances, as your Committee will find, the purchases can be explained to your entire satisfaction. Thus, in some instances, it will be found that the bill, although in the aggregate amounting to more than \$1,000, is made up of different items of supplies, each item amounting to less than \$1,000, and intended for a different purpose; and in other cases that the supply, though exceeding in amount \$1,000, was not "needful," to quote the language of the ninety-first section "for any particular purpose," but for several different purposes, and the quantity intended or needful for each "purpose" was of less value than \$1,000.

But even admitting, only, that Mr. Howe's construction of the section of the charter in question is correct, and that after six months' examination of our books and papers he has discovered, in the course of our purchases extend-

ing over more than a year's time, and involving the outlay of over a million dollars, some half a dozen instances of purchases exceeding in value \$1,000, and it is not shown that the city has suffered the slightest damage thereby, but on the contrary a presumption is raised that the city has been benefited, and no corrupt or fraudulent intent or jobbery of any kind is brought to light, is it fair to charge us with a willful violation or evasion of law?

*Ninth.*—Mr. Howe charges that the arrangement by which the agent in charge of the purchase of meats received one-half cent per pound upon purchases made by him, is a violation of that provision of the Charter which forbids any subordinate to receive a greater compensation than that paid to the head of a department.

This charge is but one of many instances where Mr. Howe is wrong in his facts, and where he would have saved himself such obvious mortification, if he had sought explanations, as would be naturally sought by one whose objects were only the ascertainment of the truth and the promotion of the public good.

The fact is, the supply of meat to the various institutions under our charge necessarily involves a large expenditure for horses and carts, for ice and ice-houses, for men to cut up and distribute the meats, etc., etc., and that all expenses of this nature are paid from the one-half cent a pound allowed above the purchase price, so that the

purchasing agent, instead of receiving by way of commission nearly nine thousand dollars in six or seven months, as Mr. Howe charges, has made, in fact, less than \$3,000 in ten months. Conclusive evidence of this will be furnished you. We are confident, also, that we can show that the management has been an economical one for the city, and it is one which has long prevailed, except that formerly one cent instead of one-half cent was paid.

But the sum received as commissions by the agent is not in any proper sense a *salary* within the meaning of the statute.

The purchasing agent is only a broker, whose employment continues at the pleasure of the Board, and may be by them discontinued at any time ; and he is paid by a percentage commission, as brokers generally are.

*Tenth.*—Mr. Howe charges that the expenditures made during the latter part of 1873 were in excess of the appropriation remaining for that year, and that the bills therefor were altered and withheld, so as to be brought into the account of 1874.

The fact is, that, after we had been in office for some time, we found to our surprise, that the former Board had incurred expenditures in the year 1872 to the amount of \$63,000, which had been charged to the appropriation of 1873. This was a continuance of a system which had long prevailed, and which was excused by the fact that

the expenses, though actually incurred in one year, were largely for articles to be used in the next year. This discovery not having been made till a large portion of the year had passed, we found that we were in danger, through no fault of ours, of being left without funds to meet the current necessary expenses of the year. After careful consideration of the whole matter, we adopted the only course which seemed possible, and directed that there should be carried over, to be paid from the appropriation for 1874, certain expenses for supplies and other articles which more properly belonged to, and would be used in that year.

We subsequently learned that the book-keeper, to whom we have referred, carried over entirely, without our knowledge, some other bills to the account of 1874.

We would suggest to your Committee that a full and adequate knowledge of the manner in which the Department has been administered by us in its various branches and numerous details can only be obtained by a careful and patient investigation by you into its affairs, which investigation will be greatly facilitated if your Committee will visit in person the Central Office, the buildings and institutions on Blackwell's Island and elsewhere, making such thorough examination into the books, papers, and vouchers, and into the general management of the Department, as your Committee, in the interests of truth and justice, may deem necessary.

We are confident that your Committee will find that the Department under our charge has been administered with honesty, efficiency, and economy ; and that we have, in many important respects, improved upon the system pursued by our predecessors.

We have now, in all frankness and candor, answered the charges contained in Mr. Howe's report. We naturally supposed, but it seems most erroneously, that the Commissioners of Accounts would be able, ready, and willing to assist us in putting into proper order the account-books of the Department, which we found in an unsatisfactory condition upon our entrance into office.

But Mr. Howe seems to have conceived it to be his duty to spend the six months he has been about his so-called investigation in trying to discover by insinuations, misrepresentations of facts, suppressions and perversions of the truth, and systematic attempts to put an evil construction on all our acts, however innocent—how he can best serve, not the public interests, but the selfish purposes of those with whom he is now connected.

And we earnestly request your Committee to make so thorough an investigation as to all these charges, that the purpose and object of this attack on the conduct of our Department may be revealed to your Honorable Board and to the general public.

In conclusion, we desire to say that we have endeavored

honestly and faithfully to discharge all the duties of our office, onerous and varied as they are.

We have never knowingly violated or evaded the letter and spirit of any provisions of law. We may have made errors and mistakes, but, conscious of our own integrity, of our pure intentions, and of our honest desire to serve and protect the interests of the city by the faithful discharge of the weighty responsibilities devolved upon us, we earnestly ask at the hands of your Committee and the public, the closest scrutiny into the conduct of our Department and all our official acts, and such judgment thereon, free from prejudice and hostility, as a spirit of impartiality and intelligent justice shall dictate.

Your obedient servants,

WM. LAIMBEER, } *Commissioners of*  
MYER STERN, } *Public Charities*  
                              } *and Correction.*

The undersigned, one of the Commissioners of Public Charities and Correction, respectfully begs leave to state his reason for withholding his signature from the report of his colleagues herewith submitted.

He cannot subscribe to the intemperate language of the report in respect to Mr. Howe's strictures on the administration of the Department. The conclusions of Mr. Howe are in many instances erroneous; but the errors which he has made cannot be refuted by charging him with mis-

representations of facts, suppressions and perversions of truth.

The undersigned fully accords to Mr. Howe what he claims for himself—that he has in all faithfulness endeavored to discharge his duty without much regard to conscience.

Respectfully submitted,  
JAMES BOWEN.

To the Hon. S. V. R. COOPER,  
New York, Sept. 17, 1874.

(Copy.)

## SCHEDULE

REFERRED TO IN THE FOREGOING ANSWER.

COMMISSIONER HOWE'S ALLEGATION AS TO PURCHASES OF SUPPLIES, DEPARTMENT OF PUBLIC CHARITIES, ETC.

*Sixth.*—Upon the requisitions made by the store-keeper, the Commissioners, in their discretion, order the supplies therein specified to be purchased. *In making these purchases, it appears, no regard is paid by the Commissioners to the provision of the 91st section of chapter 355, Laws of 1873, which declares that “ whenever any work is necessary to be done to complete or perfect a particular job, or any supply is needful for any particular purpose, which work or job is to be undertaken, or supply furnished for the Corporation, and the several parts of the said work or supply shall together involve the expenditure of more than one thousand dollars, the same shall be done by contract*

*	*	*	*	*	*	founded on sealed bids or proposals
*	*	*	*	*		and given to the lowest bidder.”

THE TRUTH,

AS SHOWN BY INSPECTION OF THE “CITY RECORD” FROM THE  
DATE OF ITS PUBLICATION.

(*City Record*, June 24 to July 5, 1873.)

### Proposals for Coal.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION, CORNER OF THIRD AVENUE AND ELEVENTH STREET, NEW YORK, June 20, 1873.	}
--	---

Proposals, sealed and indorsed as above, will be received from producers by the Commissioners of Public Charities and Correction, at

their office, until 2 o'clock P. M., of the 5th day of July next, for supplying the Department with about 10,000 tons of coal of the best quality, to be well screened and in good order, and each ton to consist of 2,240 pounds.

All of said coal to be delivered in about the following sizes and quantities, free of all expense, at the following places, during the months of July, August, and September, in such quantities as may be called for :

At Blackwell's Island—

3,400 tons grate size.  
130 tons stove size.

At Ward's Island—

1,650 tons grate size.

At Randall's Island—

330 tons egg size.  
120 tons stove size.  
600 tons grate size.  
560 tons nut size.

At Hart's Island—

280 tons stove size.

At foot of Twenty-sixth street, East river, for Bellevue Hospital—

1,350 tons nut size.

For Steamboats—

1,296 tons grate size.

At such points in the city as may be required,

For City Prisons—

254 tons egg size.  
30 tons stove size.

Proposals to state the particular description of coal to be delivered as known in the market, from what mine produced, and all particulars, to enable the Board to arrive at a proper decision.

The Commissioners reserve the power to reject any and all propositions not deemed by them advantageous to the Department.

Any information required will be furnished on application at this office.

CORNER THIRD AVENUE AND ELEVENTH STREET,  
NEW YORK, January 16, 1874. }

#### **Proposals for Supplies and Prison Cloth.**

Sealed proposals, indorsed as above, will be received by the Commissioners of Public Charities and Correction at their office, until 2 o'clock P. M., of the 28th day of January, 1874, for the following supplies and prison cloth for this Department, for which bidders will give one price only for each article.

10,000 lbs. tea.  
2,000 do tea.  
100,000 do brown sugar.  
14,000 do coffee.  
500 bushels rye.

50 barrels hominy.  
 50 do oatmeal.  
 7,000 lbs tobacco.  
 5,000 do barley.  
 18,000 do rice.  
 1,000 do pepper.  
 2,000 bushels oats.  
 500 do peas.  
 500 lbs. farina.  
 1,000 do cocoa.  
 200 sacks salt.  
 200 dozen brooms.  
 400 bales rye straw.  
 3,000 yards prison cloth. } 54 in. wide, and to weigh not  
 1,000 do. do. do. } less than 20 ounces to the  
 square yard.

Samples of the above can be seen at the office of the Commissioners of Public Charities and Correction.

All the above to be delivered at the foot of Twenty-sixth street, East river, or on the Store-house Dock, Blackwell's Island, as may be required, free of all expense to the Department.

The award of the contracts will be made as soon as practicable after the opening of the bids.

No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded under that proposal, they will, on its being so awarded, become bound, as sureties, in the estimated amount of fifty per cent. for its faithful performance, which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The sufficiency of such security to be approved of by the Comptroller.

The Department of Public Charities and Correction reserve the right to decline any and all proposals, if deemed to be for the public interest; and no proposal will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

Blank forms of proposals and specifications, which are to be strictly complied with, can be obtained on application at the office of the Department.

#### **Proposals for Coal.**

Proposals, sealed and indorsed as above, will be received from producers by the Commissioners of Public Charities and Correction, at their office, until 2 o'clock P. M., of the 22d day of June, 1874, for supplying the Department with 8,000 tons of coal, of the best quality, to

be well screened and in good order, and each ton to consist of 2,240 pounds.

All the coal to be delivered in about the following sizes and quantities, free from all expenses, at the following places, during the months of July, August, and September, in such quantities as may be called for.

At Blackwell's Island, 3,000 tons grate.

“ “ 200 “ stove.

At Ward's Island, Insane Asylum, 950 tons grate.

“ “ Inebriate “ 400 “

At Randall's Island Nursery, 250 tons nut.

“ “ “ 250 “ egg.

“ “ “ Hospital, 120 tons stove.

“ “ “ “ 100 “ nut.

“ “ Infants' Hospital, 400 tons grate.

At Hart's Island, 100 tons stove.

At Bellevue Hospital, 26th street, E. R., 250 tons grate.

“ “ “ “ 850 “ nut.

At Steamboats, 26th street, E. R., and at Blackwell's Island, 900 tons grate.

At City Prison, Centre street, 150 tons stove.

At Second District Prison, Jefferson Market, 30 tons stove.

At Third District Prison, Essex Market, 40 tons stove.

At Fourth District Prison, Fifty-seventh street, Third and Lexington avenues, 20 tons stove.

At Fifth District Prison, Twelfth street, 20 tons stove.

At Central Office, Third avenue and Eleventh street, 20 tons stove.

All the above to be well screened, and subject to such inspection as the Commissioners may direct in respect to quantity, quality, time, and manner of delivery.

Proposals to state the particular description of coal to be delivered, as known in the market, from what mine produced, and all particulars to enable the Board to arrive at a proper decision; and to be accompanied with the names of two responsible persons as sureties, in the sum of twenty-five thousand dollars, for the faithful performance of the contract, with their residences, by their own signatures, and to be approved by the Comptroller of this city.

The preliminary specification, as provided for by section 91 of the Charter of 1873, containing the obligations required from contractors, the terms of which are to be strictly complied with, will be furnished with all information required, on application at this office.

The Commissioners reserve the right to reject any and all propositions not deemed by them advantageous to the Department.

To be delivered as above, in quantities of one hundred to five hundred barrels, as may be required, free of expense to the Department.

The award of the contract will be made as soon as practicable after the opening of the bids.

No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties in the estimated amount of fifty per cent. for its faithful performance, which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The sufficiency of such security to be approved by the Comptroller.

The Department of Public Charities and Correction reserve the right to decline any and all proposals if deemed to be for the public interest, and no proposal will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is defaulter as security, or otherwise, upon any obligation to the Corporation.

Blank forms of proposals and specifications, which are to be strictly complied with, can be obtained on application at the office of the Department.

WILLIAM LAIMBEER,	}	<i>Commissioners.</i>
JAMES BOWEN,		
MYER STERN,
